

CITY OF NEW ORLEANS

Mitchell J. Landrieu, Mayor

Please join the City of New Orleans for a public discussion about **Bike Share Systems**

Wednesday, April 10

5:30 – 7:00 pm

Mosquito, Termite & Rodent Control Board

2100 Leon C. Simon Drive

This conversation will include representatives from the U.S. Environmental Protection Agency, Alta Planning and Design and the City of New Orleans.

In February 2013, the City of New Orleans was selected to receive technical assistance from the U.S. EPA. This tool is designed to provide the community with an overview of best practices and experiences around the country. Key concepts that will be reviewed include: feasibility, system planning, business plan, operations, and health, safety, and social equity related to bike-share.
